

A Very Warm Welcome to all our Students & Parents

Dear Nurturers,

31st May 2021

“Time for everyone to re-build oneself into a higher possibility, upgrade self in competence, thought, joy, peace and experience of life i.e., time to be inclusive as one humanity.”

We hope the Summer holidays have created some time for you and your families to enjoy a change of pace. We write now with some important information that will help to ensure a smooth start to School for everyone.

We appreciate your care and kindness for all the support that you have rendered towards us. Intelli learning space endeavours to achieve high development of its i-kids by setting up for the transition to Home-based learning (HBL). It captures and nurtures the innate and inherent talent of today's i-generation to its perfection. We are with great zeal to welcome your kids to this academic session. School is fully equipped to open the learning space on a Digital platform so as to follow all the protocols issued by the authorities to curtail the spread of Covid-19 and its adverse effects. This year might look a bit different, but our excitement and joy at welcoming all our new and returning students on to HBL is stronger than ever and we promise to do our part to make it a positive and happy start to the year for all of them.

Kindly make a note of the following Academic points with respect to reopening of the School in the month of June 2021:

- ✿ Students will be attending Online classes from the reopening date i.e. **Friday 4th of June**. We are planning to start our new Home based Learning (HBL) platform i.e., **Microsoft Teams for Online classes**. Students will be given orientation about it's functions by the respective grade level Colearners.
- ✿ Co-learners will be facilitating inclusive learning Strategies to blend with digital learning platform through Interactive sessions using PowerPoint presentations and videos for the lessons.
- ✿ Looking at the present Scenario School will be functioning on half-day session from **Monday 7th of June to Saturday 12th of June with the Timings 8:30 am to 12:30 pm.**

Most Schools have struggled this year to retain and recruit the best teachers. We are incredibly blessed to have a strong community of Co-learners and Nurturers with immense faith in us and our structural execution which in turn helps us function efficiently. We will have the opportunity to come back together on Campus soon to celebrate the strength and resilience of our community. Please do continue to send questions our way by email to **parents@intellischool.in** and watch for the invitations to join the upcoming 'Zoom' sessions. We are so grateful for your support. You can expect further communication from all of us in the coming weeks for the necessary flow of information from the School. As always, together, we can keep our community safe and healthy.

We appreciate the ongoing challenge this is for our families and our Co-learners, who have worked tirelessly during the May holidays in preparing with all the curriculum plans, Online sessions & meetings for the Home based learning (HBL) classes commencing for the students from **Friday, 4th June 2021.**

Please let us know by email if you have any further questions and we hope you have wonderful and safe week ahead.

Warm Regards,
Team Intelli
